

All positions at the Gwendoline van Putten school are for one year as of August 01, 2019 until July 31, 2020 with possibility of extension or permanent employment.

Requirement for a practical skills teacher in the field of Metal, Plumbing and home electric installation.

We are seeking enthusiastic candidates who are child centered, hardworking, goal oriented, flexible, creative, and energetic, with a professional work attitude.

As a teacher you need to be in possession of a valid teaching qualification also recognized by the Dutch ministry of education. Being familiar with the CXC program; CVQ is an advantage.

Main tasks:

Provide the best possible learning experiences for students while giving them the opportunity to develop personal and social skills, and generally, to derive the maximum benefits from their practical training, while using the syllabi from the Caribbean Vocational Qualification (CVQ)

Metalwork: Sheetmetal, construction, pipefitting, cutting and welding

Installation: heating, ventilation, air-conditioning, fuel pumps, water-and gas installation

Electrical work: home installation as well as having a broad overview of electrical systems.
