

All positions at the Gwendoline van Putten school are for one year as of August 01, 2019 until July 31, 2020 with possibility of extension or permanent employment.

Requirements for a teacher in Special Education Needs (SEN):

- Fully qualified teacher for at least Primary Education.
- Completed Master SEN training.
- Three years experience as a Special Education Teacher.
- Can work independently.
- A good command of the English language (written and oral).
- Experience in working with immigrant students.
- Pedagogical background

Target audience:

Pupils with learning difficulties, slow learners, within the school, in a Special Education Group. These children may also have developmental and / or behavioral problems.

Competences

The teacher demonstrates commitment in relation to the students and knows how to create an educational climate that benefits the development of the pupils. Furthermore, in special education and remedial teaching, the teacher uses resources to stimulate learning. The teacher is also able to work with differentiation groups and has good organizational skills, which are also shown in a good classroom management. The teacher has good cooperation ability in relation to other professionals and parents of students. Furthermore, a proactive teacher takes and reflects constantly on his actions.
